Simla, the 21st July 1871.

No. 2116.—Under instructions from the Right Hon'ble the Secretary of State for India, the Governor General in Council is pleased to notify that the rate of exchange fixed in the Financial Notification No. 836, dated 10th February 1871, for officers' remittances and effects, *viz.*, 1*s.* 11*d.* per rupee for the year 1871-72, shall be adopted in the recovery in India, from civil engineers, mechanics, and others, of the portions of their salaries which have been made payable to their families in England.

2. The privilege of making family allotments in England will, for the future, as a general rule, be strictly confined to the class of mechanics, boiler-makers, &c., who would probably find it very difficult to make remittances through ordinary channels. Special cases, however, will be considered by the Secretary of State, and decided on their merits.

3. The remittances to England of any civil officers who enjoy the privilege and of the Administrator General and Official Trustee in each of the three Presidencies, will be adjusted from the current year, 1871-72, at the rate fixed for officers' remittances.

The under-mentioned Officers, who have retired upon full pay, to have a step of honorary rank as follows:

To be Major-Generals.

Colonel Edward John Rickards, Bengal Staff Corps. Dated 10th June 1871.
Colonel Andrew Hunter, Bengal Staff Corps. Dated 10th June 1871.

has the option of taking pension or gratuity at the rates and under the conditions which would have applied to him had the promotion not taken place.

IV.—Present members of the police forces above enumerated, who being on pay not exceeding Rs. 20 are entitled to pension and gratuity under the rules of the Superannuation Funds, are to elect whether they will continue to serve under the rules of their Fund, or under the rules stated in Sections I., II. and III. above.

V.—If they elect the latter, they will be entitled to count for pension or gratuity under the ordinary rules all the service which would count towards pension or gratuity under the rules of the Fund; and if they have any service which does not count towards pension or gratuity under the Superannuation Fund Rules, but which is continuous with their present service, they will have the option of taking such pension or gratuity as may be admissible for that part of their service which counts, or of taking for the whole of their service, eligible and ineligible, gratuity or compassionate allowance as follows:

Gratuity—

One month's pay for every complete two years of service, not exceeding twelve months' pay in all.

Compassionate allowance—

After 30 years, if discharged on reduction; or after 35 years, if certified unfit for further service—half pay not exceeding Rs. 4 per mensem.

(*Note.*—The option at present allowed is between pension and gratuity under Superannuation Fund Rules for that service only which counts, and compassionate allowance or gratuity for the whole service on the following scale:

Gratuity—

After	5	years' service,	3 months' pay.
„	10	„	4 „
„	15	„	5 „
„	20	„	6 „

Compassionate allowance—same as above stated.)

VI.—The claims of members of the Police Forces above enumerated, who, before the date of this Resolution, have become entitled to pension or gratuity, but whose pension or gratuity has not yet received the requisite sanction, will be regulated by the rules of their respective Superannuation Funds.

VII.—Pensions and gratuities, under whatever rules awarded, are to be calculated upon the net or reduced pay, and not upon the gross pay (*i. e.*, the rate of pay from which were deducted the subscriptions to the Funds).

Provided that this rule shall not be applied so as to reduce the rate at which any present member of the force is entitled by the rules of his Fund to have his gratuity or pension calculated, until he be either promoted to higher pay or degraded for misconduct to lower pay.

2. The Superannuation Fund, which had been established in the Madras Town Police under Act XIII. of 1856, was by Act VIII. of 1867 of the Governor of Madras in Council amalgamated with the Fund established under Act XXIV. of 1859, and was therefore abolished along with it by Act X. of 1869.

3. Up to the present date the rules of the various Superannuation Funds have regulated the grant of pensions and gratuities to members of the forces specified above.

4. The Governor General in Council, considering it unadvisable to maintain longer so many different sets of rules for the grant of pensions and gratuities, has determined to abolish the rules of the said Superannuation Funds, so far as may be consistent with keeping faith with the members who subscribed to them, and to extend to the members of the police forces in which they were established the Uncovenanted Service Pension Rules, which give in most cases greater advantages than the rules of the Funds gave, and which certainly give much more than the subscriptions to the Funds could, consistently with their solvency, procure.

5. His Excellency in Council accordingly resolves that, in future, the following rules alone shall regulate the grant of pensions and gratuities to—

(1.)—Members of the police forces constituted under the following Acts:

Act XXIV. of 1859,
" V. of 1861,
" VII. of 1867, of the Governor of Bombay in Council.

(2.)—Members of the Madras Town Police, constituted under Act XIII. of 1856.

I.—To members of the police forces enumerated above, pensions and gratuities will hereafter be awarded under the rules applicable to Uncovenanted Servants of Government in other Departments, except that service in the police forces in question counts as eligible service, even though the pay do not exceed Rs. 10.

II.—Police officers, who at the time of taking pension or gratuity are on pay not exceeding Rs. 20, will enjoy, in addition, the following privileges:

(1.)—They can count their service in the police from the age of 18 upwards;

(2.)—In addition to the leave which may under ordinary rules count towards pension, they are permitted to count one year's leave in fifteen years' service, and two years' leave in thirty;

(3.)—If the Inspector General deems them worthy of the concession, a break in continuity of service caused by resignation, and not exceeding twelve months in duration, will not affect their right.

III.—An officer, who, through being promoted to pay exceeding Rs. 20, has lost any of the advantages conceded in the last section,

This matter has been before us & we see no reason to differ from the opinion of the Judl Commissioner & the Superintendent Police that the continuance of the Police superannuation Fund is unnecessary, but that the question of pensions to the Police has been

disposed of, I see no objection to abolishing the Fund, & abolishing the Account at the Credit. —

The raising of the Salaries of the Bungalow Police, is dictated by the Amount of the Contributions to the Fund, & appears to be unnecessary from the Rate in which Bungalow Police Salaries stand, & which may not be the case hereafter.

The Secretary to the
Chief Commissioner
of Mysore.

Sir,

I have the honor to acknowledge the receipt of your letter No. 987/14 of the 30th May last, conveying the Chief Commissioner's observations on the subject of the Police Superannuation Fund, and requesting my opinion on the point submitted by Major Gomperts with reference to the further Police arrangements of the Province.

2. In reply, I beg to enclose for the Chief Commissioner's perusal, copy of a further letter No. 354/14 of the 29th Ultimo from the Town and Cantonment Magistrate in charge of the Police Bangalore on the subject, and to state that, pending the introduction of the new Police scheme into the Bangalore District, I do not think that it is advisable to interfere with the existing arrangements as regards the scale

of

of salaries allotted to the members of the Police force and the deductions which are made therefrom on acount of the Superannuation Fund.

3. Under the new scheme, I have not provided for the formation of a Superannuation Fund and purposely ommitted in the rules the provisions of Section XI of Act X of 1861 which have reference to the subject. The scale of salaries also which I have proposed on the introduction of the scheme into the Chittledroog District were intended by me to be net salaries and subject to no deductions.

4. For the reasons which led to the abolition of the Superannuation Fund in the Bengal and Madras Presidencies, I am of opinion that the maintenance of such a Fund under the new system of Police is quite unnecessary.

Sir,

I have acknowledging the receipt of your Memo: No. 534/82 of 7th ultimo, & copy of letter from the Secretary on the subject of the abolition of the Police Superannuation Fund, I have the honor to inform you that to aid me in forming an opinion, I referred to the nearest Superintendt of Madras Police for information and beg to enclose copy of his reply. Salem District

2. It will be seen by the Inspector General's Memo:—

1st ——— That the pay of all grades of the Madras Mofussil Police has been raised since the abolition of the Fund.

2nd That the enhanced rates are net rates, the Government taking upon themselves the cost of pensions and gratuities for service

2nd. That the rates of pay now given in Madras, exceeds by one rupee per month the rates of pay of the Cuddalore, there is also similar differences in the Town (Police), those of Madras receiving higher rates than those of Bangalore (vide Statement accompanying my letter of the 22nd of 29th May 1872 of which I beg to the address of the Dy. Chief Sec.
for ready reference I enclose a Copy)

3. I beg also to observe that in the scheme drawn up by you and now being introduced in Chittledroog for revision of the Police of the Provinces, the rates of pay are similarly higher than those now obtaining in Bangalore District, and they also appear to be retrospective, the members of the Forces being in regard to pensions and gratuities entitled to the new rules on these subjects.

4. Under all these circumstances, I venture to hope you will be so kind as to recommend that on the abolition of the Superannuation Funds the members of the Cantonment, Town, and District Police Forces of Bangalore may be admitted to the same benefits as those better paid brethren in the Madras Presidency and the Chittledroog District.

Sir,

With reference to your Docket letter No 256/111 dated 28th June 1872, I have the honor to forward herewith 2 blank forms of Pay Bills and acquittance Rolls, as per rule for drawing the Pay of the Force.

2 The abolition of the Superannuation Funds ordered in Government Notification No 2102 dated 25th March 1870. Have not in any did not interfere with the manner in which the pay of the Force is drawn, but the Subscriptions from the pay of the Force were ordered to be credited to the General Revenues instead of to the Superannuation Fund" Vide Notification No 2103 of the

3. On the revision of the Force from the 1st July 1871, Stoppages on account of the Superannuation Fund have altogether ceased, new rates of net Pay being allowed to different grades of Constabulary.

4. Copy of Circular Memo of 1st April 1871 ~~is enclosed for further~~ 2095 of 1st April 1871 is enclosed for further information on the subject.

Circular

Memorandum

Memorandum.

Under the revised system of Pay to the lower grades of the Police Force for 1871—72 the former Head [illegible] and Deputy Constables will be amalgamated into one rank of Head Constables with four different grades. From 1st July 1871, the grade of Deputy Constables will be established.

2. Of the Head Constables

The 1st grade or 1/8th of the whole will draw		Rs 25	"
2nd	2/8th	"	20	"
3rd	2/8th	"	15	"
4th	3/8th	"	12	"

These rates will be net without deductions on account of the superannuation Fund. The former horse allowance is amalgamated with pay.

3. Thus rather more than 1/4 of the present Head Constables will be raised to the higher rate of Rs 25 per mensem. These will be the best men in the force qualified for the post of Inspector. Rather more than 1/2 of the present Head Constables will draw Rs 20 instead of the present net pay (and Batta) Rs 20—8—6. The slight decrease will be compensated for by the adaptation of amounts of work to amounts of Pay and the hope of rising to the superior Grades. The balance of 1/6 of the present Head Constables will

will fall back on the lower rate of Rs 15 These will probably be men employed on the more mechanical duties such as Jail, Salt, Treasury Guard and Reserve duties &c. Moreover it is not likely that the Head Constables on Rs 20 and 15 will require to keep ponies. Something less than 1/3 of the present Deputy-Constables will be raised to the higher rate of Rs 15, and the remainder will draw Rs 13, instead of the present net pay and Batta Rs 11-2-3.

4. It is needless to enjoin great care in the selection of men for the various grades. The Head Constables on Rs 25 will be usually in charge of large Cusbah stations and there will be probably at least one of this grade in each Town Police Force. Head Constables on Rs 20 will usually be in charge of such of the larger stations as are not Magistrates Cusbahs, and the lower grades will be in charge of smaller Police stations or employed on Reserve Salt and Jail duties &c.

5. The above are general rules, but Officers will not be bound by any precise restriction. They will use their own discretion in apportioning Head Constables of the higher

higher grades to the Reserve Jail, Sayer and Salt Police according to the local necessities. For convenience of estimate the members of each grade have been separately entered under each head, in the District allotment, but this distribution need not of necessity be exactly followed. If Head Constables of the higher grades are not required for Jail and Salt Duty, they may be used for General Police duties instead of Head Constables of lower grade being substituted. The total of each grade has been given. The distribution will rest with superintendents.

6. Under the new system, pay should as a general rule be apportionate to work & if a Head Constable of the 1st grade is not found equal to the duties of a large Constable station, he should be transferred to a lighter station and should ipso facto fall to a lower grade. Formerly the difference of pay was so great that reduction was more difficult except for gross mis-conduct or inefficiency, but the general principle now indicated seems only just, though there may be exceptions in special cases.

7. From the 1st July next, there will be three classes of Constables in most Districts - but promotions -

1st Class Rupees 8
2d " " 7
3d " " 6-8-

promotions to the higher classes need not of course be made until the most deserving men can be selected.

8. In the District allotments the Towns Police (formerly Municipal) Treasury and Court Guards are included under the head of "General Police Force".
